

ÉCONOMIE ET INNOVATION

Albi investit dans son avenir

Le territoire albigeois se distingue par le volume et la croissance de l'emploi. Son attractivité économique et résidentielle est reconnue au travers de ses classements successifs aux palmarès annuels des villes organisé par le journal *L'entreprise*. Le territoire allie des équipements et services de niveau métropolitain comme en témoigne le parc technopolitain *Albi-InnoProd*, équipement phare de l'agglomération en matière de développement économique au service des entreprises innovantes. Le cadre de vie, les infrastructures de transports, l'offre foncière attractive expliquent la présence de sites de production de grands groupes européens ou encore celle d'entreprises exportatrices.

ECONOMY AND INNOVATION

Albi is investing in its future

Albi and the surrounding is well known for its region in terms of volume and growth in employment. Its economic and residential attractiveness is evidenced by its successive positions in the annual rankings of cities organized by L'entreprise magazine. The region combines facilities and services of a metropolitan level, as illustrated by the Albi-InnoProd technology park, the flagship facility in the conurbation for the economic development of innovative companies. The quality of life, of the transport infrastructures and attractive real estate offerings explain the presence nearby of the production sites of large European groups and export companies.
